Remarks/Arguments

Examiner Perkins is thanked for the thorough Action.

COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

The reasons for allowance stated in the notice of allowability appear to be reasonable, but applicant posits that applicant's claims should not be limited by this statement or any inferences from this statement. Applicant stated reasons for allowability in the previous office actions. Furthermore, Applicant's claims may be allowable for reasons not stated. Moreover, the absence of a reply to a specific rejection, issue or comment does not signify agreement with or concession of that rejection, issue or comment. In addition, because the arguments made above may not be exhaustive, there may be reasons for patentability of any or all pending claims (or other claims) that have not been expressed.

CONCLUSION

Issuance of the application is requested.

It is requested that the Examiner telephone the undersigned attorney at (215) 670-2455 should there be anyway that we could help to place this Application.

Respectfully submitted,

/William J. Stoffel REG # 39,390/
